SUMMER
2023

The new summer 2023 collection from Bembi consists of eight collection capsules, in which the main focus is on a minimalistic cut and simple designs. The aim of the designers was to maximize the diversity of model choices, colors and themes, as well as adapt nowadays global trends for children clothing.

We are sure that many of the looks from the new summer collection will appeal to teenagers and therefore, we continue to create clothes in the size grid up to size 158, understanding that this segment of customers needs special attention in design.

Collection **Summertime**

The Summertime collection is a mix of pastels colors that leave a pleasant aftertaste of marshmallows and ice cream. It is fully based on two pattern designs: a stripe pattern. And an imitation of the tie-dye effect, popular among children and adults. Light girly colors in combination with simple sports silhouettes — an excellent solution for summer adventures. The collection assortment also includes comfortable cotton-fabric models that are a must-have in every girl's wardrobe.

Collection Geometry
The main feature of the Geometry collection is a clear geometry, as in the constructive lines of models as well as in the details of the decor. Graphic prints and the laconic cut makes children look like adults in this collection clothing. Monumentality and contrast in color combinations: light green with black and gray. The collection assortment allows you to choose many combinations for creating stylish looks for every day.
